- Focus: Web mining, advanced algorithms and modeling techniques, software quality management, human-computer interaction (HCI).

Bachelor of Science in Information Technologies

Faculty of Technical Sciences, University of Kragujevac | 2020 – 2024

- Focus: Object-oriented programming, databases, mobile and web application development, information systems administration.

WORK EXPERIENCE & INTERNSHIPS

Computer Science Teacher

"Dr Dragiša Mišović" Elementary School, Čačak | April 27,

2026 – June 15, 2026

- Lesson preparation and independent teaching of 6th-grade classes in Python programming (Turtle graphics).
- Creation of instructional materials tailored to diverse student knowledge levels, incorporating formative and summative assessment.
- Acquired Skills: Classroom management, maintaining student engagement, and implementing interactive teaching methods (quizzes, group work).
- Mentor: Ivana Zorić

TEACHING & PROFESSIONAL PROJECTS

- Teaching Methodologies & Digital Quizzes: Development of interactive educational materials for visually introducing children to Python algorithms.
- E-learning & CMS Systems: Implementation of WordPress platforms for the digitalization and modernization of distance learning.
- Correlation of IT & Entrepreneurship: Author of the extracurricular project "Business Plan for a Healthy Food Store," suitable for simulating business environments in secondary schools.

ABOUT ME

Master of IT and future Master of Subject Teaching with a deep understanding of contemporary educational methodologies. Focused on a constructivist teaching approach, where students are encouraged to engage in active problem-solving and hands-on learning. By combining engineering experience from the IT industry with pedagogical knowledge, my goal is to provide students with relevant, applicable skills and foster their digital literacy.

PERSONAL TRAITS

- Communication and empathy (patience in working with children)
- Leadership skills and organizational ability (pedagogical documentation)
- Flexibility and quick adaptation to classroom dynamics

PROFESSIONAL & PEDAGOGICAL SKILLS

- Pedagogy: Constructivist approach, individualized and differentiated instruction (working with gifted students and students with learning difficulties), evaluation, and formative assessment.
- Digital Tools: Microsoft 365 (Word, Excel, PowerPoint, Teams), Canva, Power BI, CMS (WordPress), e-learning platforms.

JEZICI

- English | Intermediate level
- Italian | Elementary level

DRIVING LICENCE

- Category B
